

xg group environmental Policy

XG Group is committed to a policy of ongoing care for the environment. In light of this, we are continuously investing in more sustainable solutions and are working towards achieving ISO 14001 certification.

Furthermore, we are working to achieve the following objectives, as far as is reasonably possible:

1. To ensure compliance with all environmental legislation.
2. To reduce consumption of all raw materials used, including water, fuel and energy.
3. To minimise waste in production and packaging and dispose of correctly and, wherever possible, recycle.
4. To reduce the amount of solvents and other hazardous chemicals.
5. To provide safe, clean and hygienic working conditions at all times.
6. To develop and implement solutions to reduce any environmental pollution.
7. To aim to reduce transport costs and energy in deliveries.
8. To communicate environmental awareness to all XG staff through appropriate training.
