3m

ASSEMBLY INSTRUCTIONS

2 metre square and 3 metre round parasols are for professional event use and we recommend guides should be followed to ensure your parasol always looks and performs at its best.

2 metre Square Parasol

3 metre Round Parasol

Parasol Base Kit

ASSEMBLY INSTRUCTIONS - Base

Step 1:
Remove the support
post from the base.

Step 2:
Unscrew the cap from
the support post, then
gently unscrew the
support fixings from
inside the cap.

Step 3:
Discard items A & C,
and place item D over
item B as pictured.

Step 4:
Gently screw the
assembly from step
3 back into the cap
from below until it
reaches the top.

Step 5:
Place the green
support foot into the
moulded slot on the
reverse side of the
base and turn back
over.

Step 6:
Screw the support
post into the base and
loosely screw the cap
back onto the support
post - do not tighten!

Step 7:
Gently but firmly insert
the parasol pole into
the support post and
tighten the cap until
the pole is secure.

Step 8:
Fill the base with
either water or sand
to achieve your
desired weight.

Kit Includes

Product information and warnings

This product has been designed as occasional outdoor furniture for event use.

Take care when opening and folding, keep hands away from moving parts in order to prevent injury.

Always place parasol on a firm level base, ensure the product has been correctly assembled and fully opened before using.

Keep away from naked flames and other heat sources.

Not recommended for use in windy conditions.
