

PVC Banners

Fantastic prices

Fast UK delivery

Made in the UK

We produce digitally printed large format banners to all sizes and specifications, including PVC banner (frontlit, single-sided), PVC blockout (double-sided), PVC mesh and PVC backlit. All production and finishing is completed in-house in the UK, ensuring consistent quality and quick turnaround times.

They are quick and easy to hang, ideal for short-term applications, yet are manufactured to last for years outdoors making them suitable as a cost-effective alternative to traditional signage. Alternatively visit fabric banners for our range of textile offerings.

- Short term promotional single sided
- Long term single sided
- Double sided light block

- Backlit for lightbox applications
- Bio-degradable
- PVC or vinyl

Printed PVC (or vinyl) provides hundreds of different applications from in-store promotions and outdoor advertising to large scale event branding. Mesh banners, or scrim banners, are suitable for internal and external use, being durable and weather resistant and finished with reinforced welded hems and eyelets. With a porous surface these mesh banners are excellent for scaffolding and building sites, or as perimeter fencing at events. Backlit banners are made of lightweight material and create striking graphic displays in backlit boxes, suitable for both indoor and outdoor applications.

Why we recommend XG's PVC Banners

- All our PVC banners are printed at high resolution for quality print.
- Hem and eyelets on all sides as standard.
- Printed with UV Inks for maximum life.
- Quality 450gsm banner material for strength and durability.
- Flat sealed hem, preventing the hem filling with water and drooping.
- Additional corner strength available for windy places.
- Mesh option for lighter weight or for windy places.
- Fire rated to comply with indoor and outdoor health & safety requirements.

Choose your PVC Banner in 5 easy steps:

On the next pages you will find a guide to ordering your PVC Banner which we hope helps you decide what you need. Please call us on **01280 707180** or if you have any questions or to discuss your requirements.

Step 1 - Size & Application:

We can print your banner to any size. We produce widths of up to 3m in one section, or we can print many sections and weld them together to produce larger banners depending on your application. Please see the matrix below as a guide to application and suitable processes.

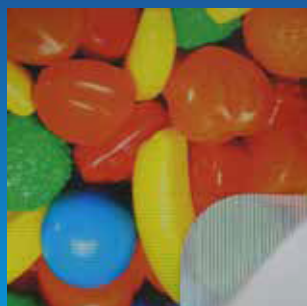

Material	Frontlit Application	Backlit Application	Double Sided Application
Backlit PVC	✓	✓	✗
Frontlit PVC	✓	✗	✗
Blockout Double Sided	✓	✗	✓
PVC Mesh	✓	✗	✗

Step 2 - Material:

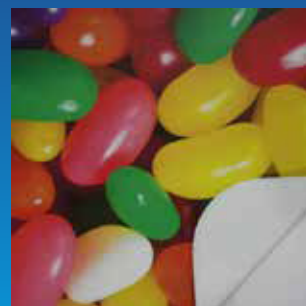

PVC Banner

PVC Banner is a 450gsm wipe clean material. Perfect for all long-term indoor and outdoor purposes. The entire face can be printed. Available as single-sided option only.

PVC Mesh

PVC Mesh banner is a 380gsm wipe clean material. Perfect for short to mid-term promotional purposes. The entire face can be printed. Single-sided option only.

PVC Blockout

Our PVC blockout banners is wipe clean and perfect for heavy use indoor or outdoor. The entire face can be printed. Available as single-sided or double-sided.

Step 3 - Finishing:

PVC banner finishing options generally include welding of hems and joins, allowing banners to be larger than available materials. Banners are finished with hems and eyelets or loop top and bottom, depending on your fixing methods. Please discuss your options with us on 01280 707180 if you would like any advice.

Cut to Size & Eyelets

The most popular choice of, allows you to fix your banner securely.

Hem & Eyelet Finishing

Added hems for more permanent use, reinforces the eyelets fixings.

Loop[s] Top & Bottom

Loops at top and bottom of the banner for hanging pole systems.

Keder Rail Finishing

Finished with Keder cord so that it can be easily secured into Keder rails.

Banner Cut to Size Only

We trim your banner to size and leave it with a clean cut finish all round.

Step 4 - creating your artwork

You have 2 options when creating artwork

1. Design your own or use your preferred agency to design it for you.

We have templates for many of our products which can be found on the 'TEMPLATES' tab section of the relevant product page. We recommend using file transfer sites to upload artwork due to the speed and ease. One of these that we recommend is **WeTransfer**

2. Let XG assist you with your artwork.

If you require assistance in preparing your artwork, we can help lay out your supplied elements.

We will require you to complete our artwork brief which can be found on the 'ARTWORK' tab section of the relevant product page. This will then need to be sent to us via email to sales@xg-group.co.uk you can send a photo or a scanned version, we would also require any logos in vector format (ai,eps), fonts and relevant copy needed to complete the layout.

This process would require your approval and final sign off before production. Please note, we do charge for artwork and we will discuss this during the quote process.

General guides for artwork are as follows:

- Production ready high resolution PDF
- Supply your artwork at full size or for larger prints supply your PDF at half or quarter size.
- Supply your PDF file with Image Bleed
- Resolution to be a maximum 150 dpi at full size
- Embed all text and fonts
- Transfer your files Via We Transfer
- Should you require more complex graphic design, please call us on **01280 707180** or email **sales@xg-group.co.uk** to discuss your requirement.

Step 5 - how to order

Now you are ready to place your order:

You can contact us by emailing **sales@xg-group.co.uk** with your requirements along with your full invoice address and delivery address (if different). We will then send you back a formal quotation prior to your order confirmation.

For non account customers we will require full payment before your order can be processed.

Payment can be made by card over the phone, by bank transfer or cheque (please allow 4/5 days for cheques to clear).

Delivery is based on a standard 5-7 working day production lead time. These may vary depending on quantities and are subject to availability. If an express turnaround is required, we will always endeavour to help.

Please call us on **01280 707 180** if you need help or advice on our products or processes.
